

EnduraFlex™

HIGH-QUALITY TPV POURED-IN-PLACE

EnduraFlex is a superior poured-in-place rubber surface. It consists of two layers: a cushioned base and a surface layer of TPV granules (each granule being 1-4 mm). TPV is a vulcanized product, making it better equipped to withstand daily wear and tear and color fading from consistent UV exposure.

Advantages:

- Can be modified to meet varying critical fall heights
- Offered in a wide array of colors
- IPEMA Certified
- Wheelchair Accessible
- Durable
- Can be installed indoors or outdoors
- Suitable for all-age playgrounds
