

NEW

Playground Spheres

Rubber playground surface spheres for innovative spaces available in 3 standard full and half sizes and multiple color options.

Available in 14", 20", and 28" Full and Half Sizes

PIGMENTED BUFFINGS

Pigmented using organic powder color coating methods that will not delaminate over time. Sealed with specially formulated polymer agent that bonds pigments into the rubber.

PREMIUM EPDM

Gezoflex EPDM granules are used to create options from bright solids to special blends for specific color themes.

STOCK EPDM COLORS

SPECIALTY* EPDM COLORS

**specialty colors may require a longer lead time*
